LEADERSHIP & PROJECT EXPERIENCE

Co-founder & President, Elevate Foundation — Youth Non-Profit Organization (2025 – Present)

Project 1: The Impact of Poverty and Food Access on Adolescent Obesity Initiative

- Founded a youth-led initiative focused on raising awareness about how poverty impacts teen obesity.
- I conducted a research study on poverty, food access, and adolescent obesity using survey data and national/state datasets.
- Analyzed income-based disparities in obesity prevalence and the ability to afford nutritious meals.
- Created data visualizations to support policy- and community-based nutrition interventions.
- Developed evidence-based solutions addressing food insecurity, nutritional education, and physical activity.
- Collaborated with university professors and researchers specializing in substance abuse to analyze collected data.

Project 2: Sports Access & Equity Initiative (Partnership with GFFT)

- Launched a community-driven initiative in partnership with **GFFT** to support underprivileged children through access to sports.
- Coordinated with local tennis centers to place donation boxes for collecting new and gently used tennis equipment.
- Led donation drives and fundraising efforts to distribute tennis gear to underserved youth through GFFT.
- Built partnerships with coaches, facility managers, and community leaders to expand outreach and sustain impact.
